

“Sanja was very professional in our first introduction and demonstrated great knowledge of the market requirements for senior management positions. She recognized quickly how my international experience can be beneficial to Nestlé Adriatic regional office in Zagreb and she introduced me to them. Few months later I joined Nestlé Adriatic management team and later was appointed CFO. This was a great career step and enabled me to further step up my international career. Thank you Sanja for your wonderful professional support!”

Dragan Čulibrk
